IMPORTANT UPDATE

Rapid Health is coming soon.

We are excited to announce that we're upgrading our online consultation tool to Rapid Health in line with improvements being made across several practices in Surrey Heath to benefit patients.

We plan to go live in November 2024. We hope this system will make accessing care and practice services easier and faster by the ability to offer real-time booking of an appointment, appropriate to your needs.

To ensure you can access appointment booking with our new online consultation tool, Rapid Health, please update your email address with the practice by completing the "Change of personal details" online form We will have answers to those frequently asked questions (FAQs) available shortly and video guides will be provided to help you understand how to use Rapid Health. Look out for more information coming soon.
